

**Barbara Rodgers**

**Dear Friends and Colleagues,**

Many of you probably remember Faith Fancher, an award-winning reporter for KTVU Channel 2 who fought a very public battle against breast cancer. Unfortunately, Faith lost that battle in 2003; but before she died, she set up an organization to help other women who had been diagnosed with this life threatening disease. She called it “Friends of Faith” and just as I was one of her personal friends when she was alive, I remain a Friend of Faith today.

Faith's mission and ours is to provide support and information to women with breast cancer – especially uninsured, at risk and underserved women. We are excited that former US Secretary of State, Condoleezza Rice, has agreed to be our guest for a Friends of Faith fundraiser on March 29, 2010.

“**An Evening with Hon. Condoleezza Rice**” will attract an eclectic audience of 900+ people. Veteran news personality Belva Davis will interview Dr. Rice, after which we will be able to enjoy a mini recital by Dr. Rice on the piano. Attached is a package that includes sponsorship levels. We hope that you see value in this event for your organization and will choose to support us with a sponsorship at a level that is affordable and will add value to your business/organization.

Please contact the **Xumri Group**, the fundraising vendor for this event, with any questions. You can reach Aruna Peri at 408-718-5261/[aruna@xumri.com](mailto:aruna@xumri.com) or Sujatha Suresh at 408-772-2262/[sujatha@xumri.com](mailto:sujatha@xumri.com).

Please go to [www.faithfancher.org](http://www.faithfancher.org) for up-to-date information about the program, ticket outlets and detailed information re: the program. The evening promises to be an exciting one for an extremely worthy cause. May we count on your support and presence at this important event?
